Post Warranty Alteration Form

Date: _____

Project #: _____ **or** Warranty #: _____ Exp. Date: _____

Building Identification: _____

Building Address: _____

Owner: _____

Type of Post Warranty Alteration:

☐ General Roof Alterations ☐ Garden Roof System ☐ Photovoltaic (PV) Installation

General Alterations or Garden Roof projects only:

Thank you for your notice of alterations to the warranted Firestone roof system on the above referenced building. All attempts should be made to involve the original installing contractor to make the necessary repairs. Only currently licensed Firestone contractors are permitted to perform alterations and repairs to a warranted roof system. A Post Warranty Alteration (PWA) inspection of the roof may be required upon review of the submitted documents. **Alterations over $10,000 require an inspection by a Firestone Representative.**

The charge for a required inspection is $750.00, payable to Firestone Building Products. **No payments will be accepted prior to issuance of a Firestone invoice.** The invoice will be directed to the owner listed on the warranty unless a third party is responsible for payment and separate billing information has been provided. The purpose of the PWA Inspection is to verify new membrane flashings or other membrane-related alterations comply with Firestone's written repair recommendations.

Firestone requires the following information in order to update the existing warranted project, and for the existing warranty to remain in full force:

Firestone Contractor's Name: _____

Firestone Contractor's License #: _____

I certify the following is attached to this document: (all boxes must be checked)

☐ Firestone license number and name of contractor performing repairs
☐ Before and After photos clearly showing scope of work performed
☐ Submit description of work performed including all flashing and/or other details used
☐ Roof Drawing indicating location of Alterations or Additions

Alterations over $10,000.00 ☐ YES ☐ NO

Photovoltaic (PV) projects only:

This form and all requested information should be submitted **after** the PV Installation has been completed. An inspection by a Firestone Representative may be required after review of the submitted documents and completion photos. The purpose of the PWA Inspection is to verify new membrane flashings or other membrane-related alterations comply with Firestone's written repair recommendations. Firestone does not perform pre-installation inspections of PV projects.

I certify the following information is attached to this document: (all boxes must be checked)

☐ Name of PV Manufacturer
☐ Drawing to include proposed PV layout and Roof Plan
☐ Overburden waiver completed and signed by the Building Owner ONLY
☐ PV rack manufacturer's detail drawing for the installed PV system.
☐ PV Install completion date
☐ Proposed protection/slip sheet materials

_____ _____
Name of Submitter Date

_____ _____
Representative of (Company) E-mail

Upon successful review of the completed work and receipt of the content of this form, the existing warranty will remain in full force. Failure to follow the procedures outlined in this document, including failing to notify Firestone, may disrupt your warranty coverage on this project. Firestone has the right to rely on the information submitted with this form, and submittal of this form is authorization for Firestone to review the submitted material. The person submitting this form has the requisite power and authority to submit the information and make the request(s) via this form.

** Please submit this form and all required documentation and photos to SinclairPatrick@bfusa.com. **

FAILURE TO FOLLOW THE PROCEDURES OUTLINED ABOVE, INCLUDING NON-NOTIFICATION TO FIRESTONE, MAY DISRUPT WARRANTY COVERAGE.
